This Financial Services Guide (FSG) contains information that will help you decide whether to use the financial services we offer. It sets out:

- who we are and how we can be contacted
- the advice and services we provide
- information about our licensee Charter Financial Planning Limited (Charter)
- our fees and how we, your adviser and Charter, are paid in connection with those services
- how we manage your private information
- how you can complain about a matter relating to us or Charter

Documents you may receive

We will provide you with a number of documents as you progress through our financial planning process to capture each stage of your advice journey. We may provide these documents to you electronically to your nominated email address, unless otherwise agreed.

When we provide personal advice it will normally be documented and provided to you in a Statement of Advice (SOA), known as a financial plan. The financial plan contains a summary of your goals and the strategies and any financial products we may recommend to achieve your goals. It also provides you with detailed information about product costs and the fees and other benefits we and others will receive, as a result of the advice we have provided.

If we provide further personal advice a financial plan may not be required. We will keep a record of any further personal advice we provide you for seven years. You may request a copy of such records by contacting our office during that period.

If we recommend or arrange a financial product for you we will provide a product disclosure statement (PDS) or investor directed portfolio service (IDPS) guide where relevant. These documents contain the key features of the recommended product, such as its benefits and risks as well as the costs you will pay the product provider to professionally manage that product.

You should read any warnings contained in your advice document, the PDS or IDPS guide carefully before making any decision relating to a financial strategy or product.

Charter maintains an approved products and services list from a diversified selection of approved Australian and International fund providers, including companies related to Charter. These have been researched by external research houses as well as our in-house research team.

Charter periodically reviews these products to ensure that they remain competitive with similar products that address similar client needs and objectives. Generally, we recommend products that are on the approved products and services list. However, if appropriate for your needs, we may, subject to Charter's approval, recommend other products.

A copy of the approved products and services list can be supplied to you upon request.

If we recommend a new platform or portfolio administration service, we use those approved by Charter.

Tax implications of our advice

Under the Tax Agent Services Act 2009, COMPASS financial management is authorised by the Tax Practitioners Board to provide tax (financial) advice services on matters that are directly related to the nature of the financial planning advice provided to you. We will not consider any other tax matters in our advice to you. Where tax implications are discussed they are incidental to our recommendations and only included as an illustration to help you decide whether to implement our advice.

Transaction services

We can arrange to complete transactions for you on limited types of financial products where we can take your instructions and arrange for the transaction to be completed, without providing personal advice. If you wish to proceed without our advice, we will ask you to confirm your instructions, which will be documented in writing. We will keep a record of this documentation for seven years. You may request a copy of such records by contacting our office during that period.

Your relationship with us and using our services

You can contact us directly with any instructions relating to your financial products. This includes giving us instructions by telephone, mail or email. We can only accept your instructions via email once you have signed an authority form.

We will work with you to agree what advice and services we will provide and when and how often we will provide them.

Where you agree to ongoing or fixed term advice and services, the details will be documented and provided to you in an advice or service agreement. This includes the frequency of contact between us, service standards that may apply, any ongoing fee or fixed term arrangements and how the agreement can be terminated.

If at any time you wish to terminate your relationship with us, please contact us using the details shown in this guide.

Providing information to us

It is important that we understand your circumstances and goals, so that we can provide you with appropriate advice and services. You have the right not to provide us with any personal information. Should you choose to withhold information, or if information you provide is incomplete or inaccurate the advice or services we provide you may not be appropriate for you.

It is also important that you keep us up to date by informing us of any changes to your circumstances so we are able to determine if our advice continues to be appropriate.

Our fees

The actual fee charged to you will depend on the nature of the advice or service we provide. We will discuss and agree the actual fees with you before we proceed. The following section outlines the types of fees that may apply.

The fees charged for our advice and services may be based on a combination of:

- A set dollar amount; or
- A percentage based fee.

Our agreed advice and service fees may include charges for:

- Initial advice;
- Ongoing or fixed term advice and services.

Please note that for services in relation to insurance, banking deposit products, some loan products and older investment products, commissions may be paid by the product provider as follows:

- Initial commission - a percentage of the value of your investment contributions or insurance premiums; and
- Ongoing commission - a percentage of the value of your investment balance or insurance premiums, usually calculated at the end of each month in which you hold the investment or on renewal of insurance products.

Payment methods

We offer you the following payment options for payment of our advice fees:

- BPAY, direct debit (savings), credit card or cheque; and
- Deduction from your investment.

All fees and commissions will be paid directly to Charter as the licensee. They retain an amount (a licensee fee) to cover their licensee costs and the balance is passed on to us. The amount is determined annually, based on a number of factors, including our business revenue and the number of advisers in the practice.

For more information on our services, please refer to **Schedule of fees** below.

Schedule of fees

These prices should be used as a guide only. We will discuss your individual needs and agree our fees with you. The actual agreed fees will depend on factors such as the complexity of your circumstances and goals and the scope of the advice.

Initial service fees

These are fees paid when you have agreed to receive our advice:

| Initial service | Fee amount |
|-----------------------|--|
| Initial Advice | Initial advice fees range between \$330 and \$5,000 for a single strategy and \$1,650 and \$20,000 for multiple strategies. |
| Advice Implementation | Implementation fees range between \$330 and \$5,000 for single advice strategies and \$1,650 and \$20,000 for multiple and complex advice strategies |

If, in developing your financial plan, I identify that you have a complex situation that requires extensive planning and development, my initial advice fee will change. In this case, I will provide you with an upfront quote of the amount payable before I proceed with developing your financial plan.

The initial advice fee covers the cost of researching and preparing your financial plan.

Before providing you with initial advice I will prepare an initial advice agreement.

The initial advice agreement sets out what my initial advice will cover and how much it will cost.

Advice Implementation, covers the administrative time spent implementing the recommended strategies and products.

Ongoing service fees

We provide ongoing services to help you stay on track to meet your goals. Our ongoing service fees vary depending on the scope and complexity of services provided. The cost of these services are as follows:

| Ongoing service | Fee amount |
|---------------------|---|
| Ongoing Service fee | Fees may be up to 2.0% of your investment balance per annum or a set dollar amount. For example, if your account balance was \$100,000, your fee would be \$2,000 |

The amount of fees will depend on the service offering and these will be provided in a separate advice or services agreement.

Additional advice

When providing additional advice we may change the following:

| Additional advice | Fee amount |
|-----------------------|--|
| Additional advice fee | For additional advice, an hourly rate of \$385 (incl GST) is payable |

Commissions

We do not receive commissions on investments through new superannuation, managed funds or retirement products. However, some products, particularly older products, may attract commissions.

Any commission amounts will be disclosed to you when providing my advice. The following table is a guide of commissions we may receive.

| Product type | Initial commission | Ongoing commission | Example |
|--|--|---|--|
| Insurance (including those held within superannuation) | Up to 66% of the first year's premium for new policies implemented from 1 January 2020. | | On insurance policies implemented from 1 January 2020, if your insurance premium was \$1,000, we would receive an initial commission of up to \$660. |
| | We may receive up to 77% of the first year's premium for new policies implemented between 1 January 2019 and 31 December 2019. | Up to 33% of the insurance premium each following year. | |
| | We may receive commissions on increases or additions to existing policies of up to 130%. | | We would receive an ongoing commission of up to \$330.00 pa. |

All fees and charges include GST.

If an agreed advice fee is charged then we may rebate all or some of the commission.

Other costs

Where other costs are incurred in the process of providing our advice and services to you, you will be liable for these costs. However, we will agree all additional costs with you prior to incurring them.

Research into Industry Superannuation Funds

To ensure transparency regarding our fees it is important you are aware that when dealing with Industry Superannuation Funds as a product class, we find it requires further time to research, compile and assess the merits of such as a suitable investment on an ongoing basis. While we find Industry Funds are suitable in some cases, it costs us more in administration and research time to analyse, communicate and transact with them. As such we charge an additional fee of \$385 per Industry Superannuation Fund, per review, when providing ongoing advice. Generally this would be twice a year so when doing comparisons on the cost of monitoring and managing an Industry Superannuation Fund on your behalf, we allow an additional \$660 per year when comparing costs with Retail funds.

Other benefits we may receive

The following is a list of benefits we may receive other than those explained above. These are not additional costs to you. These benefits may be monetary or things like training, events or incentives we are eligible for.

In addition to the payments we may receive for my advice and services, we may receive other support services from the licensee. We may also be eligible to receive financial including financing, technology and training assistance, prizes and awards or events in recognition of financial planning excellence and innovation including if we qualify under the licensee's excellence program, and business performance or for business operational costs. These benefits are paid either at the licensee's discretion or depending on meeting certain qualifying criteria including the quality of my services, business goals and ranking against other practices in Charter. The amounts are set by the licensee from time to time (usually on an annual basis). We may also participate in business lunches or receive corporate promotional merchandise tickets to sporting or cultural events and other similar items.

From time to time our practice participates in pro bono work and we may be eligible for a subsidy from the licensee of up to \$3,800 per client inclusive of GST.

Development, management and advice (DMA) run off payments

Eligibility to receive DMA run off payments is dependent on us continuing to be authorised by and meeting standards set by Charter. From 31 January 2020 we will be eligible to receive run-off payments based on the amount of advice revenue we generated in 2018. Advice revenue includes revenue directly attributable to advice provided to a client for an agreed fee. It excludes commissions from investment, insurance and banking products. These payments are to assist with our cashflow over 3 years as set out in the table below. Run-off payments will not be made after December 2022.

| Year | Total annual amount (payable over 2 instalments) |
|------|--|
| 2020 | \$29,700.00 |
| 2021 | \$19,800.00 |
| 2022 | \$9,900.00 |

Certified quality advice program

On meeting eligibility criteria and gaining access into the program, we may become eligible for discounts on licensee fees, a 10% increase in purchase price under the buyout option and a 10% increase in DMA payment should we qualify. Eligibility is assessed on professional operations and processes, high quality advice standards and education.

Buyout option

If we leave the financial services industry, we are eligible to sell the register rights of our client base to Charter. The valuation of these rights is based on a multiple of the annual financial planning revenue generated by our practice.

Personal and professional development

If we leave the financial services industry, we are eligible to sell the register rights of our client base to Charter Financial Planning Limited. The valuation of these rights is based on a multiple of the annual financial planning revenue generated by our practice.

Charter Leaders program

Each year, practices that meet particular criteria may be awarded entry into the Charter Leaders program. The criteria is based on a combination of factors including the quality of services, business goals and rankings against other practices in Charter. The Charter Leaders program provides access to personal and professional development courses organised by Charter. Charter may subsidise the cost of these courses up to amounts as determined by Charter from time to time.

Business support

We might receive financial and non-financial assistance from the licensee including financing or subsidies or reimbursements for accounting, legal and bank fees or technology support; marketing, badging rights, or other once-off transitional support costs, to help us grow our business or implement appropriate succession planning options.

Provided we meet specific qualification criteria Charter will support the practice with up to \$3,750 per authorised representative to meet the training and education requirements for financial advisers as required by Financial Adviser Standards and Ethics Authority. Any support provided by Charter is paid directly to the education provider and not to us.

Para-planning costs subsidy

We may be eligible for a subsidy from AMP in relation to paraplanning costs, depending on the number of paraplanning requests that we make in a particular month. If our practice submits a minimum of 5 paraplanning requests per eligible authorised representative in our practice, we receive a discount of up to 25% in relation to these costs. For example, if the total cost of 5 SOAs is \$1,000 we will receive a discount of up to \$250 ($25\% \times \$1,000 = \250) and pay a discounted fee of minimum \$750.

Placement fees

From time to time Charter will receive fees from brokers or product issuers (including AMP group companies) for arranging client participation in Initial Public Offerings (IPOs) of financial products. The fee, which is generally a percentage of the fee paid to the broker, varies from offer to offer and by the level of participation by Charter. We may share in this fee based on the level of participation by our clients.

Relationships and associations

It is important that you are aware of the relationships that Charter has with providers of financial services and products as they could be seen to influence the advice you receive.
